

TUMMILER

QUALIFICATION CRITERIA

Due to the effect COVID-19 has had on races around the world, the following qualification standards have been introduced for the TUMMILER in the 2023 event. They are subject to change and non-negotiable.

- ❑ **FOR THE 2023 EVENT ONLY** – Completion of a self-timed run, 50km or longer before 11:59pm (NZST) 1 January 2023. The 50km must be completed within a 10-hour time period and recorded via a publicly accessible activity tracking app (e.g Strava) OR;
- ❑ Completion of an official trail race, 50km or longer between 1 January 2021 and 1 January 2023. You must have finished within the final cut-off time for that event. Your result must be for completion of that event – this means, for example, you cannot submit a result showing you made it 55km into a 100km race.

You will need to submit a web link to your activity/result (e.g. Strava link or official race website) when you sign up – or modify your entry profile via your [MyEvents account](#) at a later date to include the link. This must be completed before 11:59pm (NZST) 1 January 2023. Failure to do this before this date will result in your entry being cancelled.

Race management reserve the right to reject any result deemed not meeting the above criteria.

Failure to meet the qualification standard by 11:59pm (NZST) on 1 January 2023 will result in the automatic deferral of your entry into to the following year. You will not be permitted to participate in the 2023 Miler race.
